

Murray Haven Murmurs

Murray Haven Homes Ltd February 2024 Newsletter

December started with a bang, with visits from both the Murrabit and Kerang singing groups. We are so lucky to live in such a talented community. With both of these awesome singing groups offering their musical talents and time just to bring joy to the residents faces, and my word they certainly do! There is always plenty of tapping toes, dancing hands or singing to the wonderful tunes of yesteryear. We are all looking forward more musical afternoons in 2024.

We were so lucky to have the Barham primary school 4-5 class bake some wonderful treats for all the resident to enjoy and let me tell you the plates hardly had time to touch the table! The residents really enjoyed their tasty treats.

The residents busied themselves making chocolate reindeers for all the staff and what a delicious surprise for all. I'm pretty sure that a few chocolate royals, curly wurlys & Kit Kats went missing throughout the process!

For the second time this year we were treated to a colourful musical display by the local Philippine community with one of our own Nikki and Shirley McGraths daughter-in-law amongst the performer's. What a perfect way to spend a lazy summer afternoon.

As 2023 was coming to a close, the residents once again enjoyed their Christmas party. With the local Barham choir singing all our Christmas favourites, the kitchen whipped up a storm, as Jo and Wendy poured the drinks! Here's hoping next year we can once again have family and friends join us for this joyous occasion.

We celebrated Australia Day with a Bonza BBQ. The residents were tested on their Aussie knowledge and all passed with flying colours. We were then treated to lamb chops, snags and rissoles all washed down with a beverage and finishing the meal with good old Pavlova. A huge thank you to our wonderful volunteers Jeff & Di Meddings for their exceptional BBQ Skills.

LASTEST COVID INFORMATION

It is important to ensure the safety of our residents, Vaccination is the best way to protect ourselves as well as our residents. Here at Murray Haven we have had our 4th round in Vaccinations and are coming up to our 5th round which will be completed by the local pharmacy.

The Australian Technical Advisory Group on Immunisation, recommend another vaccine for all people over the age of 75 and should be seriously considered for those between the ages of 65-74.
